Case No. xx-xxx

**NEGOTIATION MATTER**

**Industrial Relations Council for the Plumbing and Pipe Fitting Industry**

Messrs. James Killeen, William Taylor, Michael Langone, and Justin Pomerville are Union designated members of the IRC and are acting as the negotiating representatives of United Association Local Union XXX ("Union".) They are not impartial. They represent the Union and are appointed by the Union as the Union's negotiating representatives.

Messrs. Robert Bolton, Greg Fuller, Tom Gent, and William Boyle are Employer Association designated members of the IRC and are acting as negotiating representatives of the Mechanical Contractors Association of XXX ("Employer".) They are not impartial. They represent the Employer and are appointed by the Employer as the Employer's negotiating representatives.

This is a continuation of unresolved negotiations between Employer and Union, each of said parties being represented in these continued negotiations by said negotiating representatives. The negotiations will be conducted by some or all of said negotiating representatives in executive negotiation session. Unanimity of agreement by all negotiation representatives participating in the executive negotiating session is required.

It is with these understandings that the IRC members, acting as negotiating representatives for the respective parties, will now proceed to receive the submissions and hear the presentations of the parties. This stage is a fact-finding procedure by the IRC members to enable them to have adequate information and fully appreciate the needs and positions of the parties and thereby be in a position to apply appropriate negotiation standards. The parties may at any time and from time to time caucus privately with their respective negotiating representatives. Upon completion of this informational stage the IRC members will then proceed in executive session to continue negotiations on behalf of the respective parties which they represent, in an attempt to resolve open matters and preserve harmony for the mutual benefit of both the employees and the employers who are represented. To that end the negotiating representatives are authorized to consider and deal with all portions of the collective bargaining agreement that in their judgment and in the negotiating process will aid in resolving the submitted issues.

The parties hereby agree to accept the negotiation agreement that is reached by the IRC members and the jurisdiction of the IRC in respect thereto and agree to be bound by to comply with such negotiation agreement which shall have the same force and effect as though they themselves had reached that agreement in their prior negotiations. The parties further agree that such negotiation agreement may be enforced by any court of competent jurisdiction by injunction or otherwise and that failure to comply with such negotiation agreement, in addition to being a contract violation, shall be deemed to be an unfair labor practice under the National Labor Relations Act as a failure to bargain in good faith.
